

FRIENDLY TIPS ARE GIVEN MILADY ON PROPER RAIMENT

SCHOOL OF ATTIRE ATTRACTS BIG AUDIENCES TO LECTURES BY MISS WILKINSON OF UNIVERSITY OF ILLINOIS.

A large sized audience gathered at the Ottawa township high school this afternoon at 2:30 o'clock to hear Miss Wilkinson of the University of Illinois, deliver her address on "Standardized Dress." Interest in the clothing school grows daily and a great deal of benefit has been gleaned from the series of lectures which are being held there. In spite of the bad roads a great many country women have been in attendance at the meetings.

In the morning at 10:30 o'clock a laboratory class in the making of children's garments and undergarments is held by Miss Wilkinson. Only a small enrollment has been made in these classes.

Yesterday afternoon forty-four women heard the lecture on "Structural Line and Proportion." Miss Wilkinson took up the structural lines of the human figure. She informed her audience that:

"True economy in clothing begins in buying. A well selected, appropriate garment of good material may be used until it is worn out without remarking."

In speaking of the selection of design, she said, "Since we cannot in our body to the garments we desire, we must try to make the clothing suit the figure. To do this we must first analyze the figure. A full length mirror is helpful in this process."

The ideal figure, or the Greek figure has for its unit of measure the "head," that is, the distance from the top of the head to the base of the hair. To ideal figure is 8 heads tall. From the head to the bust is one head, to the waist another, to the hip another, making the hip line at half the height of the figure.

Or analyzing the figure, it can be discovered if the proportions are correct, if there are any defects, such as too sloping or too square shoulders, or hips larger than the others. Any such defects may be partially remedied by corrective dress.

A few suggestions with regard to corrective dress were:

"Slimness sleeves make the shoulders appear more sloping. Raglan sleeves emphasize a narrow chest. The sleeve most suited to nearly all people is the sleeve set in the normal arm hole. The popular round neck, shallow in front and wide on shoulders is poor for long necks and sloping shoulders, but is appropriate for one with a short neck."

If you wish to see how a dress will appear on your own figure, fill in the design with ink or crayon, making a silhouette, and imagine the silhouette applied to your figure. From this it is evident that the decorative lines for a stout person should fall within the lines of the figure, but a slender person may use designs with decoration outside the lines of the figure; for example, skirts with draped drapery at the hip.

On Friday the lecture will be "The Clothing Budget." The lectures are given in the high school auditorium. All who wish to attend are cordially welcomed.

TWENTY SONG HITS IN CARLE'S BIG SHOW

There are twenty big song hits in Alexander Johnston's sparkling musical comedy, "Sunshine," at the Gayety Saturday night, of which Richard Carle, the unique American comedian, is the offsetting star. Mr. Carle states himself that notwithstanding all the big successes such as "Mary's Lamb," etc., he has never had such a congenial and splendid role as that of his present one, Richard Skinner, an American life insurance agent adrift in Spain, which gives him splendid opportunities to display his many talents.

In Mr. Carle's supporting company he has such well known artists as Caroline Andrews, Gertrude Alexander, Marian Baker, the Countess Lubuska from the Russian ballet, Milton Dawson, John J. Ward, David Quigley, Harry Kenneth and others. "Sunshine," from reports gathered elsewhere, is said to be by far one of the best musical comedies now on tour.

WAR WORK FATAL TO ELLA WHEELER WILCOX

(By the Associated Press.) New Haven, Conn., Oct. 29.—Mrs. Ella Wheeler Wilcox, author and poetess, died at her home, The Bungalow, in Branford today. Mrs. Wilcox had been ill for some months, having had a nervous collapse while engaged in war relief work in England.

LOCAL NEWS

Mr. and Mrs. Charles Marsh, 722 West Main street, are the proud parents of a baby son born last night. J. L. Balle went to Bureau today on a hunting trip.

Miss Lulu Yenerich of Webster street went to Streator this morning to spend the day visiting friends. Walter Warren went to La Salle this morning on a business visit.

Miss Helen McDonald of La Salle, visited Ottawa friends last evening. Mrs. F. W. Stanton and daughter, Miss Dorothy of Joliet, are visiting at the home of Mr. and Mrs. Frank J. Wynan, 620 Adams street.

Mr. and Mrs. Robert H. Green of Streator, former Ottawa residents, were Ottawa visitors today.

Mr. and Mrs. John McEligot of Marquette, were Ottawa visitors last evening.

John Heardon of La Salle, a former Ottawa resident, visited friends in Ottawa today.

Miss Anna Reynolds, a former Ottawa resident, who for the past several years has been living in Houston, Texas, has returned to this city to make her future home.

Mr. and Mrs. R. K. McCall and daughters Jessie and Katharine of Princeton were guests at the home of L. W. Chamberlain last Sunday.

Miss Nellie Wolfshoefer of this city went to Sycamore this afternoon to attend the funeral services of the late Judge D. J. Carnes.

Mrs. Anna Murray and daughter, Miss Mary, of Woodstock, who have been visiting their daughter and sister, Miss Rose Murray, in this city, left today for a visit with friends in Earlville.

Miss Margaret McKenzie, who has been the private secretary for the late Judge D. J. Carnes for the past five years, left this afternoon for Sycamore to attend his funeral which will be held there tomorrow.

Mrs. James F. Graham of Ottawa avenue is visiting friends in Chicago. Mrs. M. J. Flanagan has returned to her home, 404 Cornell street, after spending the past two days in Chicago visiting friends.

Miss Margaret Buckley, who graduated Tuesday night from the Hyburn Hospital nurses' training school, has gone to Chicago where she has been nursing at the Chicago Lying-in Hospital for several weeks.

Misses May and Elsie Woodcock are visiting Chicago friends this week. B. J. Conway transacted business in Chicago yesterday.

Attorney C. E. Woodward was a Utica visitor yesterday.

Attorney James J. Conway was a Utica business visitor yesterday.

CRITTERS HERE FOR BANK'S CALF CLUB

Distribution of calves to members of the National City Bank's boys' and girls' "calf club" was announced today will take place Saturday afternoon at 1:30 o'clock at the La Salle County fair grounds, where the baby calves are now housed pending their being given over by their youthful claimants.

Twenty-three "critters" all registered Jerseys and of exceptional quality as far as blood and breeding is concerned, have been received in Ottawa for apportioning to the club. That number of boys and girls made application for membership in the club, a national wide organization for training future greats in the gentle art of raising better cows for milk and beef purposes.

The National City enjoys the distinction of being the first bank within a radius of forty miles to take up the proposition and get it started in La Salle County. The movement is promoted a healthy and substantial growth and next year, if Ottawa keeps step with other localities, the club is assured doubled membership.

CONG. LADIES TO MEET FRIDAY A. M.

The ladies of the Congregational Church will hold a meeting tomorrow in the parlors of the church. The ladies will meet at 10 o'clock in the morning to sew. At noon a luncheon to which the men of the church have been invited will be served in the dining room. All ladies of the church have been invited to attend.

TEX O'ROURKE SELLS OTTAWA MADE CUSHIONS

Tex O'Rourke, veteran athletic trainer, who is well known around these parts and has the name of being quite a pugilist himself, is now selling athletic wrestling mats in New York. These mats are made by the Ottawa Cushion Company.

O'Rourke will sell these during the winter and in the meantime visit all of the noted boxers in the United States. Tex is a veteran trainer of Jess Willard, ex-heavyweight champion of the world; Ted Lewis, Johnny Fulton and many other noted boxers.

Met Fate of the Weak.

It seems that there can be no doubt that the cliff dwellers were exterminated by their more savage and warlike neighbors, the men being killed and the women being adopted into the tribe of the conquerors, though in some cases migrations may have become necessary as a result of drought or pressure from outside tribes.

Man vs. Shellfish.

If a human being possessed strength as great in proportion to his size as that of the shellfish the average man would be able to lift the enormous weight of 2,076,000 pounds, by pulling in the same degree as a limpet. And if the man pulled in the same degree as the cockle he would sustain a weight of no less than 3,000,000 pounds.

Don't Fail to See

The indoor baseball game between Macabees and St. Francis Dramatic Club tonight at 8 o'clock at the Armory. Adults, 25c; children, 10c.

DEATH BATTALION TO SEAL FATE OF OLD J. BARLEYCORN

EVERY DROP OF BOOZE IN OTTAWA SALOONS, AND THAT ISN'T MANY WILL BE CAREFULLY COUNTED BY REVENUE COLLECTORS.

Chicago, Oct. 30.—Deputies of the internal revenue department today were sent to Peoria, Ottawa, Elgin, Joliet, Kankakee and other cities in northern Illinois to seal stocks of liquor held by saloonkeepers and hotels, in conformance with the federal prohibition act.

If a stray pint of whisky remains unsealed in Ottawa after the government inspectors have finished making a canvass of the town, it won't be the fault of the federal internal revenue "death battalion." Internal revenue inspectors are expected to arrive in town tonight or sometime tomorrow in a hunt for liquor stored in the basement of saloons. Word from Washington, which was received at the Chicago headquarters yesterday, ordering the "death battalion" to "get busy," was the signal for a hurried scouting out of all the liquor stored in the state. Working like a well oiled machine, the revenue men have started tearing the district, advancing upon the rear of J. Barleycorn on both the banks and the rear. By the time they finish their search of Ottawa, they expect to have "the enemy" well in hand, imprisoned, and reported as such on their "casualty lists."

To Seal Liquor. The inspectors have been instructed to seal up all whisky, and other liquor containing more than one-half of one per cent alcohol, found in saloon basements and in clubs. They have also been ordered to make a search for "moonshine whisky" home made beer and wines manufactured in violation of the prohibition act.

Government seals placed on liquor now in possession of the saloonkeepers will make impossible its sale until after the wartime ban is lifted. The law also makes it a punishable crime to move the whisky, unless the owner first secures permission from Attorney General Brandage of the State of Illinois.

No Effect on Private Supply. The law which became effective last night by its passage by the Senate and House of Congress over the veto of President Wilson does not touch the individual who has stored up a supply in his own home for his own use. It does hit the man who has made his own liquor because he has not paid the government tax.

"We have information as to the location of nearly every ounce of liquor in the state," said G. O. Dunlap chief field deputy in the Chicago district. "Our first move will be to see that it is placed under government seal. Then we will begin making raids on bootleggers and moonshiners, under the new law as soon as it becomes one."

POSTPONE SCHUMANN-HEINK SEAT SALE

The reserved seat sale for the revival of Mme. Ernestine Schumann-Heink, which was to open on Saturday night, has been postponed until it is learned whether or not Mme. Schumann-Heink will recover from her illness in time to appear in Ottawa on Nov. 26. The announcement yesterday that the famous prima donna had cancelled her engagement in Galesburg caused C. H. Kingman, principal of the Ottawa High School, under whose auspices the concert was to be given, to hesitate before allowing the seats to go on sale.

Ottawa people were disappointed last year when the illness of the world renowned singer caused her to cancel her revival here, and Mr. Kingman does not wish to cause them to experience the same disappointment this year.

From Chicago the report comes that Mme. Schumann-Heink is just recovering from a minor illness and will be well soon.

HALLOWE'EN WINDOW PROVES ATTRACTIVE

A Halloween display, which is attracting great attention and much admiration, is the south window of the Metzger Ladies' Shop, where the social season serves as a motif around which the decorations are made. Corn stalks, pumpkins, black cats and other favors, with a huge basket of chrysanthemums, are the background for a woman in a handsome evening gown, is the center of attraction. Wicker furniture gives the window the appearance of a home; and handsome evening coat, draped across the back of a chair, adds the informal touch to make the composition of the view complete.

The windows of the Metzger Ladies' Shop have become noted for their beautiful decorations, but this one outdoes all previous attempts of decorations designed by Mr. Metzger.

He Knew Papa.

Bernie was just recovering from an attack of the flu and the first day she was able to sit up she said: "Mamma, I'm going to ask daddy to buy a tricycle." Her brother, who was playing in the room, spoke up: "Well, you'd better strike him for it right away, for if you wait till you get well you mightn't get it."

Menace to Locusts.

Locusts in Algeria have found a dangerous enemy in a fly which follows them and lays its eggs where they lay theirs.

AMATEUR MUSICAL CLUB TO LAUNCH SEASON TOMORROW

From the advance sale of seats of the Boguslawski-Swarthout recital, which will be the first of the first rapid church tomorrow night under the auspices of the Amateur Musical Club, it looks as though a full house would greet the artists. Moses Boguslawski, one of the most talented pianists on the platform today and Miss Swarthout, is one of the finest dramatic sopranos of the country. Their appearance in Ottawa will give the people of this city a rare opportunity to hear them.

Miss Roma Swarthout, a talented pianist, will act as accompanist for her sister.

Their program, which was received in Ottawa today, is varied, and shows a very wide range of selections. It will show to advantage the excellent ability, talent and training of each of these wonderful musicians.

The program as it will be given follows:

Pastoral	Scarlatti
Capriccio	Scarlatti
Avant	Gluck-Brahms
Scottish Dance	Beethoven-Busoni
"Pins de deuil"	Debussy
"Les Cloches"	Bemberg
"Almeida"	Miss Swarthout
Finde	Chopin
Etude C Minor	Chopin
"Gracie Song"	Chopin
Fantasie Impromptu	Chopin
Ballade G Minor	Chopin
"Habanera"	Chopin
"Liebestraum"	Liszt
"Campanella"	Liszt
Rakoczy March	Liszt
"Recompense"	Hammond
"The Last Hour"	Wyman
"Just for This"	Mitcheil
"Lift Thine Eyes"	Logan
	Miss Swarthout

COAL STRIKE MEANS 90,000 MINERS IN THIS STATE WILL QUIT JOBS

(Continued from Page 1)

Springfield, eighth, Quincy, and tenth, Danville.

The companies forming these units are located in towns and cities lying near the headquarters.

All of the Illinois troops are furnished with rifles and it is understood that plentiful stores of ammunition are available, both in Chicago and from down state depots.

Gov. Lowden has followed the policy, when disturbances have occurred, of placing the responsibility of maintaining order squarely upon county sheriffs and local officers, it is pointed out here and of sending troops only when the regular peace authorities were unable to cope with the situation.

The statement of the government, however, issued last Sunday night, in which he declared Illinois would cooperate with the President "to the end that the people should not suffer" was taken here to mean that the military forces of the state would be used without hesitation if the need should arise.

100,000 IN PENNSYLVANIA.

Pittsburgh, Pa., Oct. 29.—The day of Saturday will find more than 100,000 coal miners of western and central Pennsylvania and West Virginia on strike, according to officers of the United Mine Workers of America in the two districts.

In the Pittsburgh district alone there were 30,000 miners ready to picket work at the hour set for the strike, according to union representatives, while in the central and western Pennsylvania fields many of the 150,000 men were not expected to enter the mines during the few days of the walkout.

Union leaders in the West Virginia fields have announced that they expect 34,000 miners to answer the strike call, and operators said that a part of the 3,000 union men in the southern fields of that state might walk out.

Honor Not All Gutenbergs.

Printing is said to have been introduced to the world Aug. 14, 1437. John Gutenberg stands at the head of the early typographers, supported by the genius of Schoeffer and the generous patronage of Faust. Gutenberg used only blocks, and to Schoeffer is due the movable type cast from matrices. Caxton, who introduced the art into England, began life as a trader, but learned printing at Cologne. The first printed book on record is "The Psalter," which John Faust and Schoeffer published at Metz in 1457.

Heat Bursts Gravel.

The bureau of standards has found that if the concrete is made with gravel, particularly siliceous gravel, there is a tendency for the stones to burst in extreme heat, which disintegrates the concrete. Accordingly it is recommended that gravel be avoided wherever possible, but if impossible the gravel concrete may be protected from extreme heat by coating it with an inch of cement held in place by a wire mesh. Plasters may also be used in which asbestos is the principal constituent.

Looms for Invalids.

Interesting specimens of weaving are made on very small and simple looms, which may be attached to the frame of the bed for use by invalids.

Armory, 9 O'Clock Tonight.

Macabees vs. St. Francis Dramatic Club. See it. Admission—Adults, 25c; children, 10c.

"WORKLESS SUPPORT" KEEPS 'EM LOAFING

(By the Associated Press.) Berlin, Oct. 29.—The "workless support" bonus that thousands upon thousands of men and women now are drawing in Berlin and Germany is proving a heavy drain on the treasury, and it is charged that the bonus is so high that many men who in peace times were unskilled workmen now receive more pay for idleness than if they went back to their labor.

Begun under the stress of the revolution and with the intention of temporarily alleviating distress, complaints are made that this bonus system has become a deep-seated cancer that sucks millions from the government that can ill afford it.

The number of persons idle in Berlin during August was nearly a million. It is estimated that 750,000 of them do not want work, because they are being supported by the state and are free to carry on the illegitimate pursuits of the unemployed street dealer, the fly-by-night gambler, the soap and cigar vendor.

The streets and squares of Berlin where people congregate most are, despite occasional attempts of the police, swarming hives of humanity, selling or buying poor soap, wretched matches, immoral postcards and indecent literature, and cigarette stands are sold at ridiculous prices especially in the case of American cigarettes, which now glut the market. Recently the police have begun to raid these vendors.

The first "razzia," as such raids are called, was unexpected, and so many dealers were captured that they had to be sent to collection points and then were transferred from there to the various police stations. The confiscated food and goods required auction for its disposal.

Realistic and little gambling games played on a tiny board that can be hastily concealed as the crowd scatters on the approach of the police still attract more waddlers than other strata of the population, because the workers have time to kill and money to spend and likewise the strong inclination to spend.

One of the most unpleasant features of Berlin street life is the array of wounded soldiers, suffering from broken or missing legs and arms, shell shock or alleged shell shock, who sit forlornly on the principal street and manipulate a violin or a harmonica. With hands and features that tremble these relics of the war beg from morning until long after midnight. Their "music" is always harrowing.

6 KILLED, 20 HURT IN LOS ANGELES WRECK

(By the Associated Press.) Los Angeles, Cal., Oct. 29.—Six dead and 20 persons injured, many seriously, was the known toll today of the wreck of the Southern Pacific Railroad's San Joaquin Valley flyer. The tangled mass of wreckage near Acton, a few miles from Los Angeles, was expected to reveal additional bodies. Railroad officials said the wreck was caused by the engineer attempting to make too much speed late at night on a curve.

Francis, a member of Los Angeles, the engineer, the fireman and four passengers comprise the known dead. A survivor said he counted nine bodies at the scene of the wreck. Five bodies were brought here and a relief train with injured was detained over another railway.

Of the heavy twelve-car train the engine and seven coaches left the tracks. One car was thrown at a right angle across the rails and the others piled up in ditches to left and right.

"LOVE MATCH" SAYS LUXEMBOURG RULER

(By the Associated Press.) Luxembourg, Oct. 30.—Grand Duchess Charlotte of Luxembourg and Prince Felix of Bourbon-Parma will be married here on Nov. 6 by Bishop Meier, papal nuncio.

Prince Felix was born at Schwarzenau Sept. 28, 1892. Unlike his brothers, Sixtus and Xavier, who served in the Belgian army, he entered the Austrian service, although he declared at the beginning of hostilities he would refuse to fight against the French.

Owing to Prince Felix's war service there was some hostility to his marriage to Grand Duchess Charlotte, but the latter declared it was a love match and that she would wed no other. The people of Luxembourg subsequently acquiesced in this view.

The Potato.

In its native country, on the mountains of Chile and Peru, writes Jean Henri Fabre, in Field, Forest and Farm, the potato in its wild state is a poor diminutive tuber about as large as a hazelnut. Man takes the worthless wild stock into his garden, plants it in rich soil, tends it, waters it, and behold, from year to year the potato thrives more and more, gaining in size and in nutritive properties, and finally becomes a far-reaching tuber as large as your two fists.

Tricks of the Trade.

Lawyer (to fair client, a defendant)—"When a young firm looks at you, weep; when an old one looks at you, flirt."

CLASSIFIED ADVERTISING

Will the party to whom I loaned my brief cutter kindly return it at once, as I wish to use it. CHARLES ALBRECHT.

WANTED—Men to work at the terra cotta works west of Ottawa; good wages. Call at factory or phone 1102, Ottawa Fireproofing Co.

RECITAL ARTIST IS IN AUTO ACCIDENT

Moses Boguslawski, noted pianist, who is scheduled to open the autumn recital season for the Amateur Musical Club at the Baptist Church tomorrow night yesterday narrowly missed serious injury in an automobile accident in Chicago, according to the following from the Chicago Tribune of today:

"Nervous shattered by a beautiful woman, Richard Czerwinski, violinist, and Moses Boguslawski, pianist, sat in their studios in the Bush Temple Conservatory yesterday tearing their hair out over the fact that they will be unable to start on a concert tour they have scheduled for early next week."

"With Mr. Czerwinski at the wheel, they drove in an automobile from Michigan boulevard into Randolph street. An electric driven by the beautiful woman crossed to the wrong side of the street and crashed into their car. Then a motor bus jammed into them from the rear. When the astounded musicians recovered the beautiful woman was speeding west in Randolph street, leaving them in a heap on the sidewalk."

"It took half an hour to get the loose form the motor bus," Mr. Boguslawski said. "My, but she was beautiful—this woman. I wonder who she was. I got her license number; it was 386235. But the shock, the shock; our nerves will make it impossible for us to work now. I wonder who she was."

"License No. 386235 was found to belong to Edw. J. B. Nicholson, 455 Englewood terrace. "Why, our car is a touring car," Mrs. Nicholson said. "Besides it has been out of service for several weeks. Someone entered our garage a week ago, but I don't believe our license plate was stolen. I'll look."

"She went to the garage. 'No, it's there,' she said."

TAKE JUDGE CARNES' BODY TO SYCAMORE

The remains of the late Judge D. J. Carnes were taken from Ottawa back to the family home in Sycamore yesterday afternoon. The funeral party made the trip from Ottawa to Sycamore by auto, taking the remains back in a hearse. Judge Carnes' law partner, John Paisley and Mr. Fulton and Roy Waterman, a Sycamore banker, came to Ottawa to take charge of the remains.

The funeral services will be held from the family home in Sycamore tomorrow afternoon at 2:30 o'clock, and burial will be made in the Sycamore cemetery.

Arrangements have been made to have a special car run out from Aurora, which will meet the C. E. & Q. train, leaving Ottawa at 7:25 tomorrow morning in Aurora to take out any friends from this part of the country who wish to attend the funeral services.

All the business houses in Sycamore will close during the hour of the funeral.

Mystery Solved.

Her eyes were red, and she explained that she had been to a wedding. "I always cry more at a wedding than I do at a funeral—it's so much more uncertain," Boston Transcript.

Henpecked. "Take your wife and go somewhere for a change." "If I take my wife along, there won't be any change."—Louisville Courier-Journal.
